May 24 (Wed) ~ 26 (Fri), 2023

Lotte Hotel Seoul,  
Seoul, Korea

## Invitation

On behalf of the Korean Society of Spine Surgery, we would like to take this opportunity in welcoming all academics and professionals to KSSS 2023 as the 40th International Congress of the Korean Society of Spine Surgery. The KSSS 2023 will be held in Seoul, known as the fascinating and dynamic capital city of Korea on May 24 (Wed) – 26 (Fri), 2023.

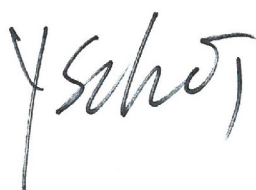

Under the unpredictable and cyclical epidemic of COVID-19, spinal research collaboration and knowledge sharing had been continued. The development of big data, artificial intelligence, spinal navigation and robots, and biotechnology has been expanding not only to the diagnosis and treatment of spinal diseases, but also to all areas of medical service. Our passion and challenge of spinal research are limitless.

The KSSS 2023 is a specially designed cluster conference covering a wide range of critically important sessions with renowned and distinguished speakers from around the Asian-Pacific Region. The format of delivery will be an offline platform to help foster interaction between experts. Through these interactions and through our vision with KSSS 2023, we hope to bring together a multi-disciplinary group of experts from all over the world to present and exchange revolutionary ideas relating to the spinal field. It promotes top-level research and globalizes the quality of research in general, thus making discussions and presentations more internationally competitive and focusing attention on the recent outstanding achievement in the field of spine. The topics of the KSSS 2023 truly reflect the current trends, recent advances, and new approaches in the spine, offering unique scope for young scientists and doctors starting their research activity in the spinal area across the world to present and recognize their achievements. I am cordially inviting eminent doctors and professors from the spine platform to participate in this prestigious event.

Let's join hands for the future of this area and the collective efforts to change what is within our reach and means! I am eagerly anticipating an excellent meeting with brilliant medical experts from different countries and sharing new and exciting results in the spine and will look forward to welcoming you to Seoul, Korea.

Wish all of you tremendous success and peace.

Yours sincerely,

A handwritten signature in black ink, reading 'Y. Choi'.

**Yong-Soo Choi MD., PHD**  
President of Korean Society of Spine Surgery

Nurse or equivalents	USD 50	USD 60	USD 70
KSSS Senior Member (over 65 years old)	No fees	No fees	No fees

## Call for Abstract

The 40th International Congress of Korean Society of Spine Surgery (KSSS 2023) Organizing Committee cordially invites you to submit abstracts for oral presentations and e-posters in professional areas relevant to the work of spine research as well as evidence-based practice spine surgery. All congress abstracts must be submitted online via the "Online Submission System." Submitted abstracts will be reviewed by the Scientific Program Committee. We would like to ask for abstracts that address or discuss diversity on reviews and analysis from diverse viewpoints and angles and look forward to your keen participation and interest. ([http://www.ksss2023.org/ksss2023/contents/03\\_02.php](http://www.ksss2023.org/ksss2023/contents/03_02.php))

## Venue

LOTTE HOTEL SEOUL, Korea's premier luxury business hotel, boasts 1,015 rooms and is located in Sogong-dong, Seoul. The hotel's optimal location makes it easily accessible from Seoul's major sightseeing spots such as Bukchon Hanok Village, Cheonggyecheon, Cheongwadae, and Gyeongbokgung Palace. ([www.lottehotel.com](http://www.lottehotel.com))

\*Cheongwadae also known as the Blue House, is the Korean presidential residence. Visitors may visit Cheongwadae through an official tour.

\* Gyeongbokgung Palace is the first and largest of the royal palaces built during the Joseon Dynasty. (Built in 1395)
